Note
This site is located at the top of the Ordnance Survey National Grid Coverage, therefore there are some gaps in the data which are replaced by a grey background. The cartographic variation between datasets does not impact any analytical outputs presented in this report.

DISCLAIMER
1. The ZTV analysis does not take into account the screening effect of vegetation, buildings and other surface features.
2. Predicted visibility based on a viewer eye height 2 m above ground.
3. Visibility calculated using Ordnance Survey Terrain 5 DTM on a 5 m Grid within 30km of the site boundary, and Ordnance Survey Terrain 50 DTM outside the 30 km study area.
4. Effect of earth curvature and light refraction is included.
