**Note**  
This site is located at the top of the Ordnance Survey National Grid Coverage, therefore there are some gaps in the data which are replaced by a grey background. The cartographic variation between datasets does not impact any analytical outputs presented in this report.

**DISCLAIMER**  
1. The ZTV analysis does not take into account the screening effect of vegetation, buildings and other surface features.  
2. Predicted visibility based on a viewer eye height 2 m above ground.  
3. Visibility calculated using Ordnance Survey Terrain 5 DTM on a 5 m Grid within 30km of the site boundary, and Ordnance Survey Terrain 50 DTM outside the 30 km study area.  
4. Effect of earth curvature and light refraction is included.
